

Qualified Water Efficient Landscaper Training

The Qualified Water Efficient Landscaper (QWEL) **professional certification** provides landscape professionals with 21 hours of education on principles of proper plant selection for the local climate, irrigation system design and maintenance, irrigation system programming and operation and sustainable landscaping. In order to obtain the QWEL certification, an individual must demonstrate their ability to perform an irrigation system audit as well as pass the QWEL exam. The list of topics covered in the QWEL curriculum include:

- Where Our Water Comes From
- Sustainable Landscaping
- Landscape Water
- Irrigation Systems
- Irrigation Maintenance & Trouble Shooting
- Irrigation System Auditing
- Irrigation Scheduling
- Irrigation Controllers

**QWEL is a WaterSense labeled
Professional Certification
Program.**

**Graduates may choose to be
included in the public referral list.**

This QWEL training includes 4 regular sessions and an exam. This training has been approved for 19.5 APLD CEUs.

Space is limited. Sign up now!

Cost is \$50.00. To register go to www.qwel.net.

Classes will be held on Wednesdays from 8:30 a.m. - 3:30 p.m.
